

**Our Fall Sale  
Just Got Better!**

# **25% OFF Everything\***

**at John Shelley's Garden Center & Nursery,  
September & October Only!**

This Fall, as with the previous Fall seasons, we're offering **25% Off On All Nursery Stock** - ornamental & shade trees, shrubs, perennials, vines, groundcovers, ornamental grasses - purchased during the months of **September** and **October**. (\*Discount excludes labor, topsoil, stone, drip irrigation, brick & mulch).

Our 25% Off Fall Sale is now an easy way to get the larger trees, shrubs, perennials and ornamental grasses you want, at a very affordable price. Consider this "Our Stimulus Package" for you. Many people have put-off doing landscape projects of various sorts, due to financial concerns in an uncertain economy. But now, you can get those "lingering landscape projects" done at a much lower cost.

Large "specimen-grade" plants were marked-down from the 2011 Spring Open House. Those prices stay the same, but everything else comes down 25% off of its retail tag: tools, birdhouses, chemicals, fertilizers, garden art, pottery, water garden supplies and much more.

As an added bonus to you, our PA Registered Landscape Architect is available to meet with you, by appointment, to help you realize the gardens and landscape of your dreams. There's **no charge** for your design plan or accompanying estimate.

Spring and Summer are very good times for planting, but Fall is just as good, and sometimes even better. As Fall approaches, the weather cools down, days become shorter and plants will want to go "dormant"; that is, to sleep when Winter comes. Now's the time to get the plant material into the ground, so it can establish itself and provide a great "Spring Show".

All the plants need in the Fall is a thorough 40-45 minute watering at the rootball level, on a regular, 2-times a week basis, until "leaf drop" and they establish quickly. Then you're done watering until Spring, unless we have a dry Winter. We'll provide written, detailed information on how to do this procedure to keep your plant(s) healthy and happy.

You can see what we're all about by going to our all-new website, at [www.gdnctr.com](http://www.gdnctr.com), and using the left-side nav-bar to view our "Ongoing Projects" link, or watching the slideshows on the right side of the website.

Our Conditional Warranty is unmatched by anyone, anywhere, and is one (1) year from date of purchase if you install the plant material; it is five (5) years if we install the material. Call, write or email for a complete copy of The Warranty. It's also online on the left-side nav-bar on our website: [www.gdnctr.com](http://www.gdnctr.com).
